Commissions, trailing commissions, management fees and expenses may be associated with mutual fund investments. Please read the prospectus before investing. Mutual funds are not guaranteed or insured by the Canada Deposit Insurance Corporation or any other government deposit insurer, their values change frequently, and past performance may not be repeated. Series A units are available for purchase to all investors, while Series F units are only available to investors who participate in eligible fee-based or wrap programs with their registered dealers. Differences in performance between these series are primarily due to differences in management fees and fixed administration fees. Performance results for Series F units may also appear higher than for Series A units as the management fee does not include the trailing commission.
