How risky is it?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

1832 Asset Management L.P. has rated this Fund's risk to be **low**.

This rating considers how much the Fund's returns have changed from year to year. It doesn't tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund's returns, see the Risk section of the Fund's simplified prospectus.

No guarantees

Like most mutual funds, this Fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the Fund performed?

This section tells you how the Series FT units of the Fund have performed since it was created. Returns are after expenses have been deducted. These expenses reduce the Fund's returns.

Year-by-year returns

This information is not available because the Series FT units of the Fund have not completed a full calendar year of performance.

Best and worst 3-month returns

This information is not available because the Series FT units of the Fund have not completed a full calendar year of performance.

Average return

A person who invested \$1,000 in Series FT units of the Fund when it was created now has \$1,085. This works out to be an annual compound return of 4.8%.

Who is this Fund for?

Investors who are ...

- seeking capital preservation and income from fixed-income investments;
- able to accept some variability of returns and are investing for the medium to long term.

Series FT units are intended for investors participating in an eligible fee-based or wrap program with their representative's firm, and seeking stable monthly distributions.

I Do not invest in this Fund if you are seeking aggressive growth of capital through an equities only investment strategy.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

A reclassification between series of the same fund that employ different hedging strategies may result in a disposition for tax purposes and accordingly, you may realize a capital gain or capital loss.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series FT units of the Fund. The fees and expenses, including any commissions, can vary among series of the Fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

No sales charges are applicable to the Series FT units of the Fund.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the returns of the Series FT units of the Fund.

As of June 30, 2019, the Series FT units of the Fund's expenses were 0.84% of its value, which equals \$8.40 for every \$1,000 invested.

Management expense ratio (MER)

Annual rate
(as a % of the Fund's value)

This is the total of the Series FT units of the Fund's management fees, fixed administration fees and fund costs. 1832 Asset Management L.P. waived some of the expenses. If it had not done so, the MER would have been higher.

More about the trailing commission

No trailing commissions are applicable to the Series FT units of the Fund.

3. Other fees

You may have to pay other fees when you buy, hold, switch, redeem or reclassify units of the Fund.

Fee

What you pay

Switch fee

This fee is negotiated with and paid to your representative's firm to a maximum of 2% of the value of units you switch to another fund.

Short-term trading fee

If you redeem or switch securities within 30 days of purchase or switch we may charge a short-term trading fee of 1% of the net asset value of the securities you redeem or switch. This fee is paid to the Fund and is in addition to any switch fee that is payable by you to us.

Fee-based account fee

You may pay a fee, which is negotiated between you and your representative and paid directly to your representative's firm. Investors who purchase Series FT units of the Fund must participate in an eligible fee-based or wrap program with their representative's firm.

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy units of the Fund within two business days after you receive a copy of the Fund's simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
