

Dynamic Active Innovation and Disruption ETF

Interim Management Report of Fund Performance For the period ended June 30, 2025

This interim management report of fund performance contains financial highlights but does not contain the interim financial statements or the annual financial statements of the investment fund. You can get a copy of the interim or annual financial statements at your request, and at no cost, by calling toll-free 1-800-268-8186, by writing to us at 1832 Asset Management L.P., 40 Temperance Street, 16th Floor, Toronto, ON, M5H 0B4 or by visiting our website at www.dynamic.ca or SEDAR+ at www.sedarplus.ca.

Securityholders may also contact us using one of these methods to request a copy of the investment fund's proxy voting policies and procedures, proxy voting disclosure record or quarterly portfolio disclosure.

1832 Asset Management L.P. is the manager (the "Manager") of the fund. In this document, "we", "us", "our" and the "Manager" refer to 1832 Asset Management L.P. and the "Fund" refers to Dynamic Active Innovation and Disruption ETF.

The term "net asset value" or "net asset value per unit" in this document refers to the net asset value determined in accordance with Part 14 of National Instrument 81-106 – Investment Fund Continuous Disclosure ("National Instrument 81-106"); while the term "net assets" or "net assets per unit" refers to total equity or net assets attributable to unitholders of the Fund as determined in accordance with IFRS Accounting Standards.

Caution Regarding Forward-Looking Statements

Certain portions of this report, including, but not limited to, "Recent Developments", may contain forward-looking statements about the Fund and the underlying funds, as applicable, including statements with respect to strategies, risks, expected performance events and conditions. Forward-looking statements include statements that are predictive in nature, that depend upon or refer to future events or conditions, or that include words such as "expects", "anticipates", "intends", "plans", "believes", "estimates", "projects" and similar forward-looking expressions or negative versions thereof.

In addition, any statement that may be made concerning future performance, strategies or prospects and possible future action by the Fund is also a forward-looking statement. Forward-looking statements are based on current expectations and projections about future general economic, political and relevant market factors, such as interest rates, foreign exchange rates, equity and capital markets, and the general business environment, in each case assuming no changes to applicable tax or other laws or government regulation. Expectations and projections about future events are inherently subject to, among other things, risks and uncertainties, some of which may be unforeseeable. Accordingly, current assumptions concerning future economic and other factors may prove to be incorrect at a future date.

Forward-looking statements are not guarantees of future performance and actual results or events could differ materially from those expressed or implied in any forward-looking statements made by the Fund. Any number of important factors could contribute to these digressions, including, but not limited to, general economic, political and market factors in North America and internationally, such as interest and foreign exchange rates, global equity and capital markets, business competition, technological change, changes in government relations, unexpected judicial or regulatory proceedings and catastrophic events. We stress that the above mentioned list of important factors is not exhaustive. Some of these risks, uncertainties and other factors are described in the Fund's simplified prospectus, under the heading "Risk Factors".

We encourage you to consider these and other factors carefully before making any investment decisions. Forward-looking statements should not be unduly relied upon. Further, you should be aware of the fact that the Fund has no specific intention of updating any forward-looking statements whether as a result of new information, future events or otherwise, prior to the release of the next management report of fund performance, and that the forward-looking statements speak only to the date of this management report of fund performance.

Results of Operations

The Fund was created on January 22, 2025. Investment performance is not provided for a Fund that has been available for less than one year.

As per the investment objectives, the Fund will invest in a portfolio of primarily equity securities located anywhere in the world that can benefit from innovative technologies or novel technology driven business models. This may include but is not limited to companies that may attempt to: i) develop or produce innovative technologies; ii) use new technology to disrupt established markets, methods, industries, or products; iii) become leaders in new and emerging industries; or iv) use novel business models, processes or technologies to gain a competitive advantage. The Fund may invest up to 100% of its assets in foreign securities and may also invest in cash and cash equivalents.

The portfolio was 97.6% invested in equities and held 2.4% in cash at the end of the period. The largest geographic allocation was to the United States followed by Israel and Argentina. At period end the Fund was invested in five of eleven GICs sectors. Often the Portfolio Manager will zero weight a sector where through his bottom-up investment process, he is unable to find opportunities. At period end, the Fund's top three weighted sectors were Information Technology, Consumer Discretionary, and Industrials. Primary overweight sector allocations versus the benchmark were in the Information Technology, and Consumer Discretionary

sectors. The main underweight sector allocations were to the Health Care, Financials, and Consumer Staples sectors. Geographic and sector allocations are a by-product of the bottom-up investment process.

We employ a disciplined, repeatable, and proven investment process that focuses on a bottom-up stock selection approach. This process leads us to building concentrated portfolios. Our investment process begins by screening the universe of all publicly listed companies to seek out those with high revenue growth, high earnings growth and the ability to become significantly larger companies over time. Companies included in benchmarks are there solely due to capitalization size and not due to any fundamental or qualitative factors. We are active stock pickers. The universe of stocks available for inclusion in our portfolios is limited to those that meet our investment criteria, not to those contained in the benchmark. We do not concern ourselves with what companies are held in the benchmark and as a result, our portfolios are very different from their benchmarks. It is our job to beat the index over time, not be the index.

The Fund's net asset value increased to \$83.6 million since inception. This change was composed of net sales of \$76.1 million and investment performance of \$7.5 million. The investment performance of the Fund includes income and expenses which vary year over year. Prior year results are not available for comparative purposes as the Fund commenced operations during the current year.

The Fund may make distributions at a rate determined by the Manager from time to time. If the aggregate amount of distributions exceeds the portion of net income and net realized capital gains, the excess will constitute a return of capital. The Manager does not believe that the return of capital distributions made by the Fund have a meaningful impact on the Fund's ability to implement its investment strategy or to fulfill its investment objective.

Recent Developments

There have been no recent developments that have affected, or likely to materially affect the Fund.

Related Party Transactions

The Manager is a wholly-owned subsidiary of The Bank of Nova Scotia ("Scotiabank"). Scotiabank also owns, directly or indirectly, 100% of Scotia Securities Inc., a mutual fund dealer, and Scotia Capital Inc. (which includes ScotiaMcLeod and Scotia iTRADE), an investment dealer.

The Manager, on behalf of the Fund, may enter into transactions or arrangements with other members of Scotiabank or certain other companies that are related or connected to the Manager (each a "related party"). All transactions between the Fund and the related parties are in the normal course of business and are carried out at arm's length terms.

The purpose of this section is to provide a brief description of any transaction involving the Fund and a related party.

Management Fees

The Manager is responsible for the day-to-day management and operations of the Fund. The Fund pays the Manager a management fee for its services as described in the "Management Fee" section later in this document. The management fee is an annualized rate based on the net asset value of the Fund, accrued and calculated daily and paid monthly.

Operating Expenses

The Fund is responsible for fees and expenses incurred in complying with NI 81-107, including the fees payable and expenses reimbursed to members of the Independent Review Committee, brokerage expenses and commissions, fees relating to the usage of derivatives, income tax, harmonized sales tax ("HST"), withholding and other taxes.

Apart from the initial organizational costs of the Fund, all expenses related to the issuance of units of the Fund shall be borne by the Fund unless otherwise waived or reimbursed by the Manager. Further details about the Fund's operating expenses can be found in the Fund's most recent prospectus.

The Manager, at its sole discretion, may waive or absorb a portion of the Fund's operating expenses. These waivers or absorptions may be terminated at any time without notice.

Independent Review Committee

The Manager has established an independent review committee (the "IRC") in accordance with National Instrument 81-107 – Independent Review Committee for Investment Funds ("NI 81-107") with a mandate to review and provide recommendations or approval, as required, on conflict of interest matters referred to it by the Manager on behalf of the Fund. The IRC is responsible for overseeing the Manager's decisions in situations where the Manager is faced with any present or perceived conflicts of interest, all in accordance with NI 81-107.

The IRC may also approve certain mergers between the Fund and other funds, and any change of the auditor of the Fund. Subject to any corporate and securities law requirements, no securityholder approval will be obtained in such circumstances, but you will be sent a written notice at least 60 days before the effective date of any such transaction or change of auditor. In certain circumstances, securityholder approval may be required to approve certain mergers.

The IRC has four members, Stephen J. Griggs (Chair), Steven Donald, Heather A. T. Hunter and Cecilia Mo, each of whom is independent of the Manager.

The IRC prepares and files a report to the securityholders each fiscal year that describes the IRC and its activities for securityholders as well as contains a complete list of the standing instructions. These standing instructions enable the Manager to act in a particular conflict of interest matter on a continuing basis provided the Manager complies with its policies and procedures established to address that conflict of interest matter and reports periodically to the IRC on the matter. This report to the securityholders is available on the Manager's website or, at no cost, by contacting the Manager.

The compensation and other reasonable expenses of the IRC will be paid out of the assets of the Fund as well as out of the assets of the other investment funds for which the IRC may act as the independent review committee. Each member of the IRC receives an annual retainer of \$62,000 (\$77,000 for the Chair), plus expenses for each meeting. The fees and expenses, plus associated legal costs, are split equally among all of the funds managed by the Manager for which the IRC acts as the independent review committee. The main component of compensation is an annual retainer fee. Prior to November 1, 2021, each IRC member also received a fee for each committee meeting attended. Expenses of the IRC may include premiums for insurance coverage, travel expenses and reasonable out-of-pocket expenses.

The Manager, in respect of the Fund, received the following standing instructions from the IRC with respect to related party transactions:

- Paying brokerage commissions and spreads to a related party for effecting security transactions on an agency and principal basis on behalf of the Fund;
- Purchases or sales of securities of an issuer from or to another investment fund managed by the Manager;
- Investments in the securities of issuers for which a related underwriter acted as an underwriter during the distribution of such securities and the 60-day period following the completion of such distribution;
- Executing foreign exchange transactions with a related party on behalf of the Fund;

- Purchases of securities of a related party;
- Entering into over-the-counter derivatives on behalf of the Fund with a related party;
- Outsourcing products and services to related parties which can be charged to the Fund;
- Acquisition of prohibited securities as defined by securities regulations;
- Trading in mortgages with a related party;
- Entering into a designated broker agreement with a related party; and
- Entering into a prime broker agreement with a related party.

The Manager is required to advise the IRC of any breach of a condition of the standing instructions. The standing instructions require, among other things, that the investment decision in respect to a related party transaction: (a) is made by the Manager free from any influence by an entity related to the Manager and without taking into account any consideration to any associate or affiliate of the Manager; (b) represents the business judgment of the Manager uninfluenced by considerations other than the best interests of the Fund; and (c) is made in compliance with the Manager's written policies and procedures. Transactions made by the Manager under the standing instructions are subsequently reviewed by the IRC to monitor compliance.

The Manager, in respect of the Fund, relied on IRC standing instructions regarding related party transactions during the period.

Financial Highlights

The following tables show selected key financial information about the Fund and are intended to help you understand the Fund's financial performance for the periods indicated. The information on the following tables is based on prescribed regulations and as a result, is not expected to add across due to the increase (decrease) in net assets from operations being based on average units outstanding during the period and all other numbers being based on actual units outstanding at the relevant point in time. Footnotes for the tables are found at the end of the Financial Highlights section.

The Fund's Net Assets per Unit (\$) ⁽¹⁾

For the period ended	Net assets, beginning of period	Increase (decrease) from operations					Distributions					Net assets, end of period ⁽¹⁾
		Total revenue	Total expenses	Realized gains (losses) for the period	Unrealized gains (losses) for the period	Total increase (decrease) from operations ⁽²⁾	From net investment income (excluding dividends)	From dividends	From capital gains	Return of capital	Total distributions ⁽³⁾	
CAD Units												
Jun. 30, 2025*	20.00	0.02	(0.10)	(1.00)	4.20	3.12	–	–	–	–	–	20.14
USD Units (in equivalent CAD) – The start date for USD units was Jan. 22, 2025												
Jun. 30, 2025*	28.94	0.03	(0.15)	(2.73)	6.07	3.22	–	–	–	–	–	29.15

* The start date for the Fund was January 22, 2025.

(1) This information is derived from the Fund's interim and audited annual financial statements. The net assets per unit presented in the financial statements may differ from the net asset value per unit. An explanation of these differences can be found in note 2 of the Fund's financial statements. The net asset value per unit at the end of the period is disclosed in Ratios and Supplemental Data.

(2) Net assets per unit and distributions per unit are based on the actual number of units outstanding for the Fund at the relevant time. The increase (decrease) in net assets from operations per unit is based on the weighted average number of units outstanding for the Fund over the period.

(3) Distributions were paid in cash or reinvested in additional units of the Fund.

Ratios and Supplemental Data

As at	Total net asset value (in 000's) (\$) ⁽¹⁾	Number of units outstanding ⁽¹⁾	Management expense ratio ("MER") (%) ⁽²⁾	MER before waivers or absorptions (%) ⁽²⁾	Trading expense ratio ("TER") (%) ⁽³⁾	Portfolio turnover rate (%) ⁽⁴⁾	Net asset value per unit (\$) ⁽¹⁾	Closing Market Price (\$) ⁽⁵⁾
CAD Units								
Jun. 30, 2025	75,133	3,730,000	0.80*	0.80*	0.46*	217.29	20.14	20.20
USD Units (in equivalent CAD)								
Jun. 30, 2025	8,455	290,000	0.79*	0.79*	0.46*	217.29	29.15	29.29

* Annualized

(1) This information is provided as at the period end of the years shown.

(2) The management expense ratio is based on the total expenses (including sales tax, and excluding commissions and other portfolio transaction costs) of the Fund and a proportional share of underlying funds' expenses (mutual funds, ETFs and closed-end funds), where applicable, for the stated period and is expressed as an annualized percentage of daily average net asset value during the period.

(3) The trading expense ratio represents total commissions and other portfolio transaction costs, short borrowing costs and interest on leverage of the Fund and the underlying funds, where applicable, expressed as an annualized percentage of daily average net asset value of the Fund during the period.

(4) The Fund's portfolio turnover rate indicates how actively the Fund's portfolio advisor manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the period. The higher a fund's portfolio turnover rate in a period, the greater the trading costs payable by the fund in the period, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of a fund.

(5) Closing market price is as per Toronto Stock Exchange on the last trading day of the Fund's reporting period.

Management Fees

The management fee is an annualized rate based on the net asset value of the Fund, accrued and calculated daily and paid monthly. The management fees cover the costs of managing the Fund, arranging for investment analysis, recommendations and investment decision making for the Fund, arranging for distribution of the Fund, marketing and promotion of the Fund and providing or arranging for other services.

The breakdown of services received in consideration of management fees, as a percentage of the management fees, are as follows:

	Management fees (%)	Dealer compensation (%)	Other [†] (%)
CAD Units	0.70	–	100.0
USD Units (in equivalent CAD)	0.70	–	100.0

† Relates to all services provided by the Manager described above except dealer compensation.

Past Performance

In accordance with National Instrument 81-106, past performance and annual return data is not disclosed as the Fund has been a reporting issuer for less than a year.

Summary of Investment Portfolio

The Summary of Investment Portfolio may change due to ongoing portfolio transactions. A quarterly portfolio update is available to the investor at no cost by calling 1-800-268-8186, or by visiting www.dynamic.ca, 60 days after quarter end, except for December 31, which is the calendar year end, when they are available after 90 days.
